Quote from TXB CFO
Bill W. Gross: "Under
budget again, Carl you
are the man. Look for
a fat bonus check on
your desk today."

Objective

To serve the oil and refinery industries as a **Project Manager**

Experience

TXB Refinery Inc. Katy TX

Project Manager – 8/20001 to 11/2008

Expert in refinery piping according to contracts. 95% of my contracts were within budget, 94% of my projects were finished at or before deadline, supervised a diverse crew of up to 88 professionals, maintained OSHA safety standards, saved an average of \$188,000 per year since 2001 by coming in under budget, complete routine engineering and safety change orders as required. TXB Refinery VP Carlos Quintana said: "If it is mission critical you better get Carl Dalquist on it."

Quality Control Manager – 12/1999 to 8/2001

Closely monitored all operations for the TXB environmental impact department, carried out all OSHA Occupational Safety Training, performed regular weekly inspections to insure compliance, recorded and reported all production data to HQ, Wrote a new TXB Refinery quality control procedures manual resulting in increased efficiency and yearly cost savings averaging \$229,212., promoted to Project Manager in August 2001.

Dalquist Contracting Inc. Katy, TX

Self employed Contractor and Consultant – 1/1988 to 11/1999

Owner Operator of medium sized Contracting and Consulting Company. Managed projects from \$30,000 to \$35,000,000 for oil and refinery industries, Supervised staff of 4 – 40 depending on work contract and scope, handled office operations, field supervision, quality inspections, materials acquisitions, have 41 satisfied client references available on request.
